Multiple choice question

Sheet to be completed -

1 Lesson: 2.3.1

QUESTION:

You are stopped at a traffic light. To engage the first gear you must:

ANSWER CHOICE: Only one possible answer **X**
Several possible answers

A) Press the clutch pedal halfway through

B) Press the clutch pedal all the way down, while holding the service brake

X

C) Press the clutch pedal and accelerate slightly

D) Press the clutch pedal twice while holding the brake

Refer to if wrong answer:

Pressing the clutch pedal all the way down, holding the brake, activates the clutch brake and thus facilitates gear engagement. Lesson 2.3.1 from the student's workbook.

Multiple choice question

Sheet to be completed -

2 Lesson: 2.3.1

QUESTION:

Which of the following statements is false?

ANSWER CHOICE: Only one possible answer **X**
Several possible answers

A) To put a heavy vehicle into motion using the friction point; is done without pressing the accelerator.	
---	--

B) Transmission manufacturers recommend the use of double-clutch technic to change gears.	
---	--

C) When departing, with a loaded truck, it is important to press on the accelerator to avoid stalling the engine.	X
---	----------

D) Pressing the clutch pedal completely to the floor, with a moving vehicle, reduces the life of the brake clutch.	
--	--

Refer to if wrong answer:

Under normal operating conditions under load, the use of the accelerator should be avoided, as it can cause the clutch to overheat. Lesson 2.3.1 from the student's workbook.

Multiple choice question

Sheet to be completed -

3 Lesson: 2.3.1
