DT Bussed Feedback Receptacles

Product Information

Features and Benefits

DT SERIES BUSSED FEEDBACK RECEPTACLES

These standard “DT” receptacle shells feature internal pin type contact buss bar arrangements that allow common connections from 3 to 12 size 16 contacts. Buss bars are available in standard nickel or gold to match common Deutsch Industrial Products contacts.

Other features include the use of standard “DT” plugs to mate with these environmental receptacles. Plugs with any Deutsch modification are intermatable.

GENERAL SPECIFICATIONS

Meets all performance specifications of the standard “DT” Series.

MATERIAL SPECIFICATIONS

Buss bar material - copper alloy
All other materials - same as standard “DT” Series.

SECONDARY LOCKS

Uses standard “DT” locking wedges.
